

applications, the description of the nature of the collective membership organization in the request for extension of time must conform to that set forth in the notice of allowance.

(g) *Notice of grant or denial.* The applicant will be notified of the grant or denial of a request for an extension of time, and of the reasons for a denial. Failure to notify the applicant of the grant or denial of the request prior to the expiration of the existing period or requested extension does not relieve the applicant of the responsibility of timely filing a statement of use under § 2.88. If, after denial of an extension request, there is time remaining in the existing six-month period for filing a statement of use, applicant may submit a substitute request for extension of time to correct the defects of the prior request. Otherwise, the only recourse available after denial of a request for an extension of time is to file a petition to the Director in accordance with § 2.66 or § 2.146. A petition from the denial of an extension request must be filed within two months of the date of issuance of the denial of the request. If the petition is granted, the term of the requested six-month extension that was the subject of the petition will run from the date of expiration of the previously existing six-month period for filing a statement of use.

(h) *Verification not filed within reasonable time.* If the verified statement in paragraph (a)(3) or (b)(3) of this section is not filed within a reasonable time after it is signed, the Office may require the applicant to submit a substitute verified statement attesting that the applicant has a continued bona fide intention to use the mark in commerce, for trademarks or service marks; or that the applicant has a continued bona fide intention, and is entitled, to exercise legitimate control over the use of the mark in commerce, for collective marks or certification marks.

(b) Registrations and applications to register on the Supplemental Register, registrations under the Act of 1920, and registrations of marks the right to use of which has become incontestable are not subject to interference.

§ 2.92 Preliminary to interference.

An interference which has been declared by the Director will not be instituted by the Trademark Trial and Appeal Board until the Examiner of Trademarks has determined that the marks which are to form the subject matter of the controversy are registrable, and all of the marks have been published in the *Official Gazette* for opposition.

[54 FR 34897, Aug. 22, 1989]

§ 2.93 Institution of interference.

An interference is instituted by the issuance of a notice of interference to the parties. The notice shall be sent to each applicant, in care of the applicant's attorney or other representative of record, if any, and if one of the parties is a registrant, the notice shall be sent to the registrant or the registrant's assignee of record. The notice shall give the name and address of every adverse party and of the adverse party's attorney or other authorized representative, if any, together with the serial number and date of filing and publication of each of the applications, or the registration number and date of issuance of each of the registrations, involved.

§§ 2.94–2.95 [Reserved]

§ 2.96 Issue; burden of proof.
